

ECO - POWER CERTIFICATE

EVH GmbH hereby certifies that within the scope of an individual delivery for the contractual delivery points of the business partner:

**ThermHex Waben GmbH
Merseburger Straße 235
06130 Halle (Saale)**

for the delivery period

1st July 2020 until 30th June 2021

certificates from regenerative sources can be invalidated in the register of certificates of origin (HKNR) according to the criteria of the OK-Power Label.

The processing and monitoring of our offered green electricity supply is carried out by a portfolio management which is certified according to TÜV SÜD CMS Standard 92. This guarantees a reliable and traceable procurement, balancing and delivery of electrical energy from renewable sources.

As an independent auditor, TÜV Süd checks the green electricity volumes supplied by EVH GmbH on an annual basis.

ppa. Torsten Friedemann
Leiter Geschäftskundenvertrieb
